

DOWNLOAD SKYPE FOR BUSINESS – ANDROID DEVICE

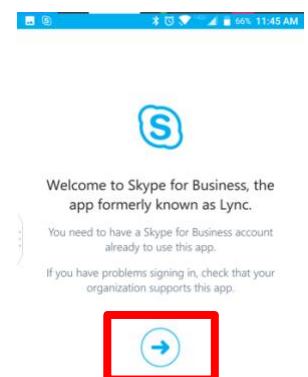

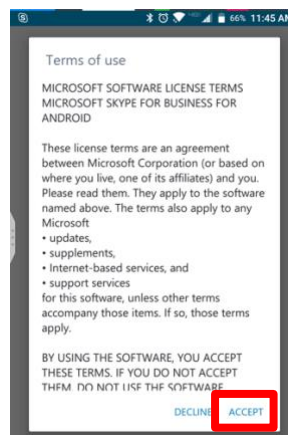

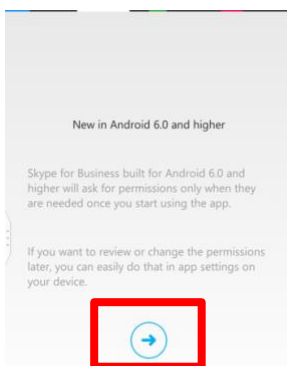

1. **BEGIN** by opening the Google Play Store on your Android Device:
2. In the Google Play Store, locate the search bar and type “Skype for Business”

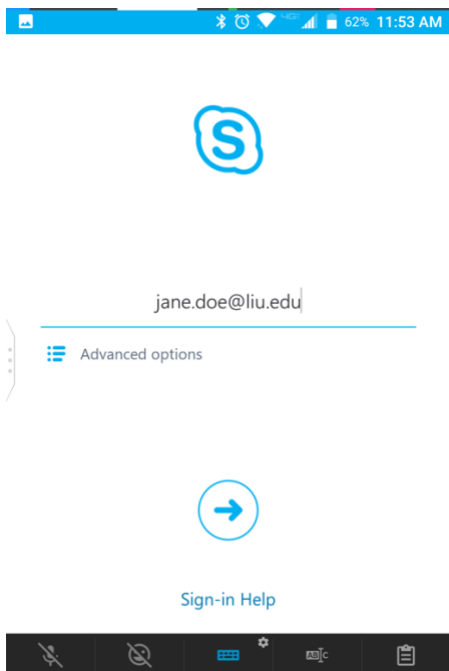

3. From here, select the “Install” button

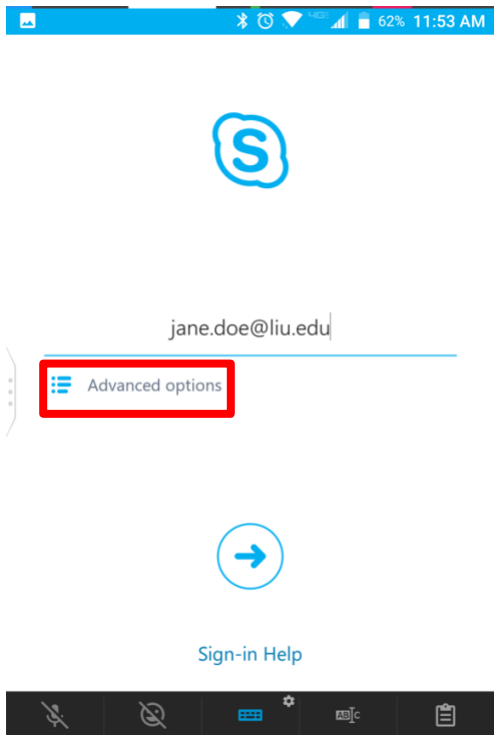

4. Once downloaded, select the blue arrow as pictured below, then agree to the terms, and go to login:

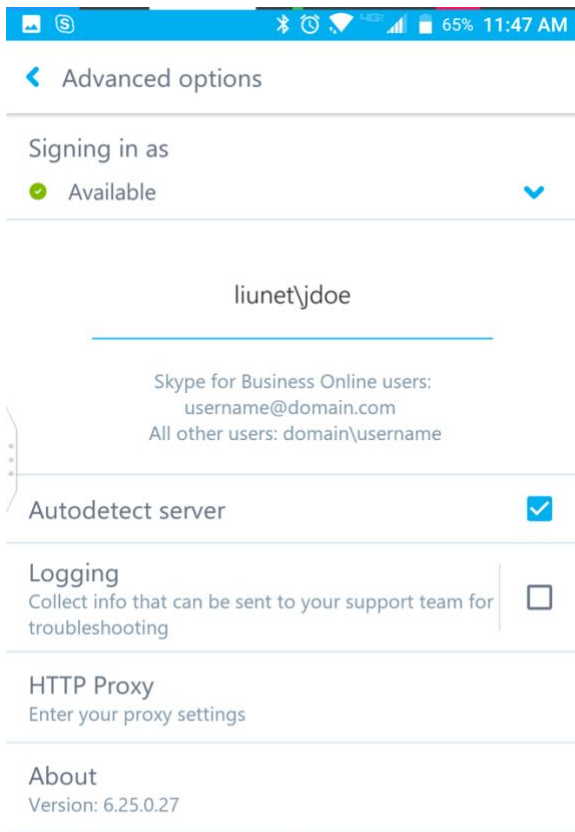

- Once you are in your Skype for Business application, type in your full LIU email address where it states "Organization Sign in Address".

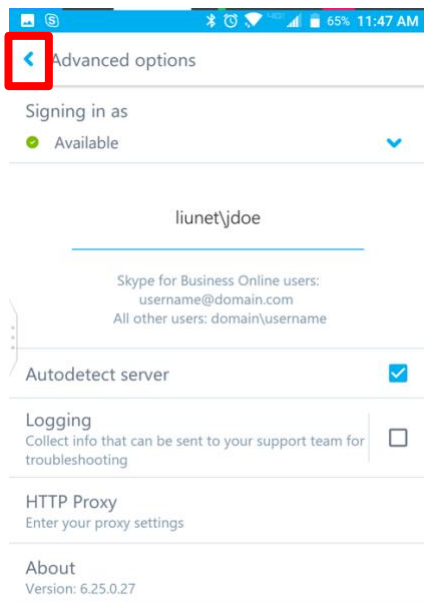

- Then, select "Advanced options"

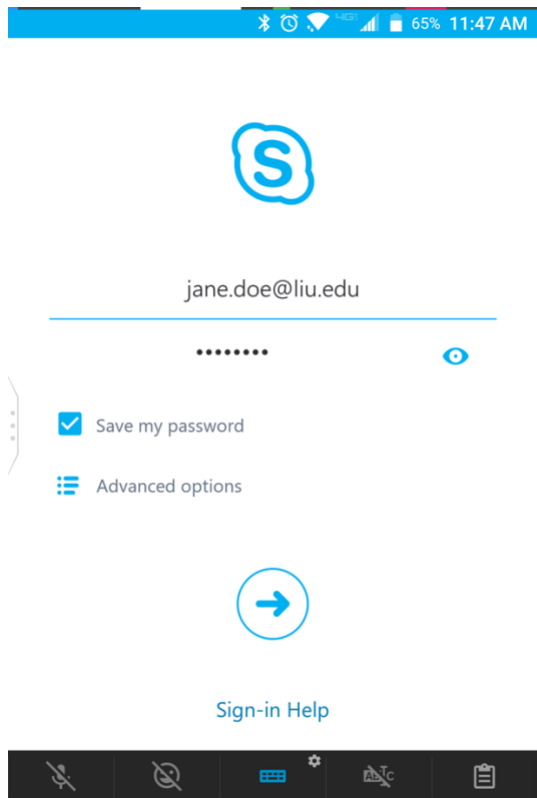

- From this screen, locate the "User Name" and enter **liunet** followed by your LIU username as pictured below.

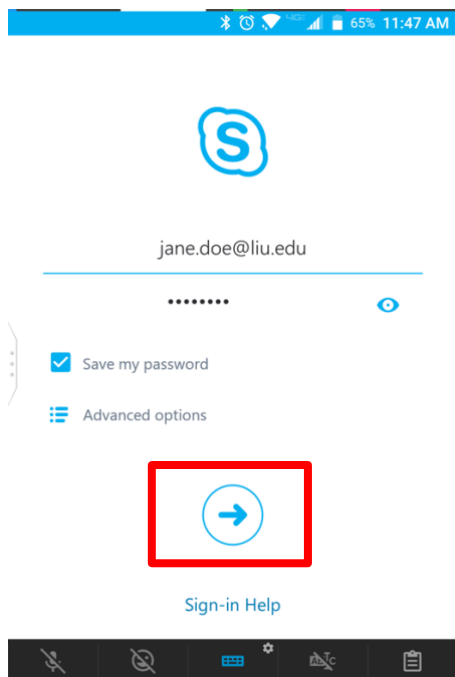

- Then, select the "<" to get back to the sign in screen.

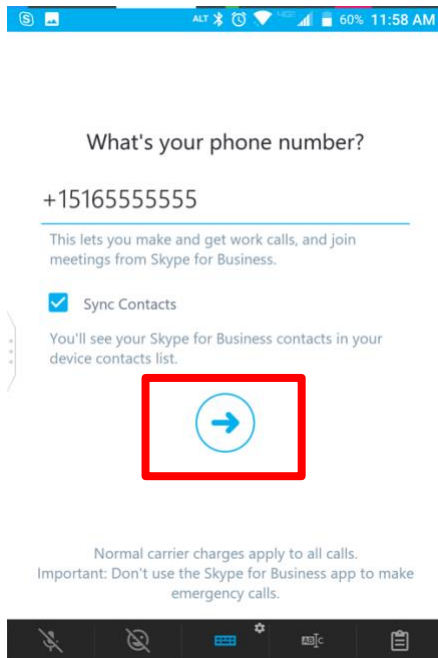

9. From here, type in your LIU password where it states "Enter your password".

10. From there, select "Sign In".

11. Skype will ask you to enter your phone number in order to make calls. Select the blue arrow to continue once entered.

You are now logged into Skype for Business on your mobile Android device.
